Members Absent: Josh Messmer – County Executive, Judge Brian Williams, Bryan Collier – Commissioner, Danielle Katterhenry – CC Coordinator, David Rogers – Jail Commander

JRAC members reviewed the minutes from the November 15, 2023 meeting. Melissa Greene moved to have the minutes approved, and Steve Sonnega seconded the motion. The minutes were approved.

Joni Bishop provided an update regarding the Court Community Outreach Liaison position. The Mental Health Resource for Public Safety Officers is on hold until funding is available in January 2024 through the Health Department to expand the Morgan County Sheriff's Office Critical Incident Stress Management program to other public safety entities within Morgan County. The Prevent Child Abuse event has been tentatively scheduled for April 5, 2024 in Martinsville.

Joni advised she applied for Morgan County to host a NAMI sponsored Sequential Intercept Model Mapping workshop. When she did not receive a response confirming receipt of the application, she called NAMI. She was sent an email confirming Morgan County is in the queue awaiting acceptance of the request and a tentative date of the workshop. She also provided JRAC members with a copy of the information discussing the mission of SIM Mapping and the Planning information.

Joni reviewed the annual report from the Morgan County Suicide and Overdose Fatality Review Board. She and Steve Sonnega, also a SOFR member, discussed identified trends and solutions and improvements implemented in Morgan County, such as the Coroner now having access to Inspect (Indiana's Prescription Drug Monitoring Program), and the creation of a position at the Morgan County Jail to help prepare inmates and assist them with services following their release from custody. Additionally, some members of the SOFR are participating in training to conduct Next of Kin interviews to gather more information regarding a descendant's suicide or overdose.

Miranda Beauchamp reviewed the 2023 JPAR Annual Report. She advised \$12,371.82 was returned from the 2023 allotted budget, and we received \$60,000 funding for 2024. Miranda discussed how the Court Community Outreach Liaison position is meeting the mission of the grant by addressing all intercepts of the Sequential Intercept Model, including monthly meetings of the Morgan County Service Providers and Suicide, the Overdose Fatality Review Board, and the SIM Model project.

During stakeholder updates, a general discussion focused on probation fees and general trends of probation clients. Miranda advised the probation officers strive for 75% of all officer/client interactions to be evidence-based interventions. When appropriate, the officers work to direct their clients toward appropriate services in lieu of filing immediate violation reports with the court by meeting a 4:1 ratio of client incentives to sanctions. Data is continually collected on both interventions and the 4:1 ratio.

The next JRAC meeting is scheduled for January 17, 2024, at 8:00 AM.
