Steven Meyer – Superior Court Judge

Misty Robinson- School Based Youth Liaison

Miriah Anderson – Juvenile Representative

Amanda Ferguson

Jason called meeting to order

Minutes Approved by Steven Meyer/ Second by Dave Hullinger

Updates: Jason Huber – we need to update our sequential Internet module mapping. We are the 5th county, the largest county to start on this. Was trying to get this done in November, but it isn't going to work with the State. We will look at the first part of January. Everybody in this group and other community members will be a part of this module mapping. There will be a 2-day workshop held at the fairgrounds that will help identify the strengths, weaknesses, and gaps in our system. It takes about 40 community members to get this done, so we are thankful to be able to get this done.

Dave and I have been working with county IT. We have a web site spot now so we can get our community dashboard up and built.

That is all I have unless Dave has something to add.

Dave- The Sim module will look at the entire Judicial system. Which will include Mental Health, Community Corrections, Probation, simply anybody that gets involved with the system. If someone has mental health issues and they are adjudicated or convicted. What is the past point of the Judaification? Are there also rams for them to later maybe like early release from probation or modification of their sentence? Can we continue to work with people who struggle with mental illness or substance abuse?

The Group needs to consider who we want to bring along with us. This doesn't have to be judges, prosecutors, probation officers etc. it can be anyone in the community We need to think about inviting people from outside that are involved in Mental Health and Substance abuse. Reach out to either Jason or myself with anybody that you would like to invite.

Next years dates are as follows

Jan 8th, 2024

April 15,2024

July 15,2024

October 21,2024

Meeting Adjourned
