Re: Public Records Request

Dear Ms. Greene,

As required by the Indiana Access to Public Records Act (APRA), the public records you originally requested from the Wabash County Court Service's (WCCS) by email dated January 24, 2024, received on January 25, 2025, have been reviewed and/or compiled for your inspection and copying. In accordance with Indiana Code § 5-14-3-3, you may inspect and make copies of the requested non-exempt public records during regular business hours at your convenience.

All public records requested that are non-exempt from disclosure are being made available for inspection and copying.

Please be aware that the APRA does not require the creation of a record that does not exist. Please also be aware that the APRA does not require the WCCS to obtain copies of public records that are not maintained by WCCS from other public agencies for disclosure. Please also be aware that the applicable public record retention schedules require maintaining public records for only certain periods of time, and records older than three (3) years may no longer be maintained.

Electronic copies of the public records requested are being made available to you for your convenience. Please be aware that if you desire physical copies of any public records, the copying fee will be \$0.10 per page or the actual cost of copying any recording pursuant to Indiana Code § 5-14-3-8(d) and Wabash County Ordinance 2012-85-16. These fees must be paid in advance.

Sincerely,

Brian Swihart  
Director/Chief Probation Officer  
Wabash County Court Services
